

# FS2Crew: FBW A32NX Project

## 1Minute Primer

---

FOR EXPERIENCED  
FSX/P3D FS2CREW  
USERS

- ✓ Everything has changed - throw out your old ideas!
- ✓ FS2Crew is now launched via the MSFS in-game Tool Bar
- ✓ Massively lower learning curve
- ✓ Bulky PDF manuals replaced with tooltips and in-game helper panels that guide you through your flight
- ✓ Critical "need to know" information is now displayed live via the new CHECKLIST ASSIST, FLOWS ASSIST, COMMAND ASSIST and INFORMATION CENTER panels.
- ✓ New interface mode in addition to Voice and Button Control: AUTO RESPOND MODE
- ✓ New PREDICTIVE PA SYSTEM for the Captain PAs in Button Control
- ✓ New audio system
- ✓ Improved speech recognition system
- ✓ Speech recognizer now supports ENGLISH: US, UK, AU, IN or CA in addition to US
- ✓ New panel opacity option
- ✓ Software updates are now download directly via the program
- ✓ Push-to-talk key used by default in Voice Control Mode (open mic option still available)

---

## PROCEDURES

- ✓ Stock factory Airbus procedures modeled
- ✓ User assumes role of Captain and Pilot Flying
- ✓ Simulated co-pilot is FO and Pilot Monitoring

---

## MISC

- ✓ Dynamic panels automatically shrink and grow for maximum space efficiency
- ✓ Mixable crew voices (example: US Captain with German FO)
- ✓ Sound files are now publicly accessible, and you can use your own sound files.

---

## LASTLY

- ✓ If you need help or have a doubt, do not be shy! Use the FS2Crew Support forum at [Avsim.com](http://Avsim.com). Support is included in the price of the product. Use it!

---

**HAVE A SAFE FLIGHT!**
